

PARADISE KEY

SOUTH BEACH

Mailbox Design & House Numbers

To maintain a consistent street scape in Paradise Key all mailboxes must meet the same design criteria. The picture below shows the type and style of the mailbox post and box type. Mail boxes must be made and supplied by Kenny Kettrey to meet these standards. Contact # 904-238-7102

All numbers on the mailbox and the house must match the design criteria shown here. Place numbers on the house as required by 911 within these design guidelines.

NOTE: Contractors MUST remove all temporary house numbers from the house at completion and replace with approved house numbers.
