Architectural Review Application Form B: Fencing and Privacy Walls

Applies to ALL fence or privacy wall installations; additions; modifications

Master Form must accompany this form

Date Submitted: _____

Name: _____ Lot Number: _____

Submissions required:

1. Master Application
2. Form B
3. Fee
4. As built survey showing the existing house, lot lines, setbacks, site features and the proposed fencing and privacy walls. If multiple fence types are considered indicate various types on the plan.
5. Color sample chips or samples for work
6. Cut sheets of fence type or drawings showing fence construction

Note: The installation of fences and privacy walls requires attention to existing landscaping. The Removal of trees to install a fence will generally be prohibited.

The design code encourages the use of landscaping to create privacy between lots. See the Fencing section of the design code for more information.
